

# Learn. Discuss. Practice.

## SK EMERGENCY MEDICINE

## Provincial EM Virtual Journal Club

**Target Audience:** Rural, regional and urban emergency healthcare professionals, including residents, medical students, nurses, EMT, and all other interprofessional healthcare providers practicing emergency care.

**Dr. Christopher Haddad (Resident) with Dr. Emmett Harrison (Faculty)**

**Before and after study of opt-out dual HIV/Syphilis screening - [Click Here for Article 1](#)**

- Understand the role for deliberate physician education in HIV/syphilis testing and provider-directed screening in increasing the amount of cases of HIV and syphilis diagnosed in the ED.
- Recognize the importance of referring syphilis-positive HIV-negative patients to resources for PrEP counselling and/or initiation.
- Adapt the findings of the current study to our ED population in Saskatchewan in order to modify individual practice or establish similar programs.

**Dr. Jaskaran Singh Khinda (Resident) with Dr. Jessi Warren (Faculty)**

**HIV Pre-exposure prophylaxis from the ED - [Click Here for Article 2](#)**

- Understand the concept of HIV Pre-Exposure Prophylaxis (PrEP) and its significance in preventing HIV transmission.
- Identify potential criteria for selecting appropriate candidates for HIV PrEP among patients presenting to the emergency department.
- Recognize the role of emergency department physicians in advocating for broader access to HIV PrEP and facilitating multidisciplinary collaboration for comprehensive HIV prevention efforts.
