Best Practice for Filling out EPAs

Faculty Development Workshop Series facilitated by:

Dr. Rob Woods, Dr. Lynsey Martin & Dr. Quinten Paterson

Format: In advance, participants will receive a confidential report of the EPAs they have previously completed to use during the workshop for reflection. During the workshop, strategies for completing EPAs during ED shifts will be discussed with opportunities for practice. We will also review the logistics of logging in to and filling out assessment on our new platform Elentra.

Objectives: At the end of this workshop, participants will be able to:

1. Implement strategies for completing EPAs during an ED shift.
2. Write narrative comments that are helpful for trainees, faculty advisors and competence committee members.
