HIV PEP in the Emergency Department

Presented by:

Dr. Satchan Takaya, ID Specialist, Division of Infectious Diseases, USAK

Amanda Galambos, STEPS Program Coordinator, USASK

Dr. Jackie Perrot, Emergency Physician, Saskatchewan Health Authority

Learning Objectives:

After participation in this session, learners will be able to:

- Understand when to offer HIV PEP for blood and body fluid exposures.
- Explore the recommended HIV PEP regimen including timing.
- Identify key patient counselling points for HIV PEP, emphasizing adherence and follow-up testing.
- Recognize potential challenges and contraindications for HIV PEP.
- Apply the new Saskatchewan BBFE Practitioner Order Sets and use the Firstline app to support decision-making in emergency and urgent care settings.
